## Customer Reviews

Yikes. Wish my school had chosen a different book--there are good lessons to be had here, but one should assume that any student qualified to take this entry-level college course has a basic grasp of spelling and grammar. Not unfairly priced, but you're getting what you pay for here.

It was not necessary for my class to turn in the actual pages of the book, so it was perfect for the low price I paid. My book was in great condition, had all the pages there, but just a few exercises

were completed by the owner before me. No big deal.

I bought this for my husband, but he is disappointed because there is no answer key. As someone mentioned already, how would a person know if your answers are correct or not. Not a good book.

The book came in less time than it was supposed to. It was a perfect condition book, and I'm so happy with it! Everyone else in my class paid triple at the bookstore. No catches to this one!

Fast shipping, received it in 2 days and I didn't even pay for express shipping just standard. Arrived in excellent condition. I paid less than half price for this book. Thanks again.

It was brand new old edition but the same stuff is in as in the new edition didn't even use it much but it's a great buy yay thank for the fast shipping

I got this while I was in the police academy it wasn't too useful and we really didn't use it that much either

Good luck finding the answer key book for the practice quizzes.
