My granddaughter love reading this book

My son loved this book and added it to his collection. He loved this book because it told all about how Skeleton Creek came about.

Great read for 5th graders!

This book and the many videos that go with it made me completely rethink the Skeleton Creek series. This book is great if you're a fan of the books! It's not a story like the other books in the

series, it's about the urban legend of Skeleton Creek, which helps as a back-story. I suggest reading this along with the series to really get a feel for them! Now that I've read this, I think it might all be real!
