Home Inspector Exam Secrets Study Guide: Home Inspector Test Review For The Home Inspector Exam

Synopsis

Includes Home Inspector Practice Test Questions Get the test prep help you need to be successful on the Home Inspector test. The Home Inspector Exam is extremely challenging and thorough test preparation is essential for success. Home Inspector Exam Secrets Study Guide is the ideal prep solution for anyone who wants to pass the Home Inspector Exam. Not only does it provide a comprehensive guide to the Home Inspector Exam as a whole, it also provides practice test questions as well as detailed explanations of each answer. Our Home Inspector study guide includes: A detailed overview of the Home Inspector Exam An analysis of building science An examination of analysis and reporting A breakdown of business operations Comprehensive practice questions with detailed answer explanations It's filled with the critical information you'll need in order to do well on the test: the concepts, procedures, principles, and vocabulary that the Examination Board of Professional Home Inspectors (EBPHI) expects you to have mastered before sitting for the exam. The Building Science section covers: The construction specification institute (CSI) divisions Foundations Supports Types of roofs The Analysis and Reporting section covers: key terms to document during a home inspection Molds and insects Pool inspection The Business Operations section covers: Legal terms Corporations These sections are full of specific and detailed information that will be key to passing the Home Inspector Exam. Concepts and principles aren't simply named or described in passing, but are explained in detail. The guide is laid out in a logical and organized fashion so that one section naturally flows from the one preceding it. Because it's written with an eye for both technical accuracy and accessibility, you will not have to worry about getting lost in dense academic language. Any test prep guide is only as good as its practice questions and answers, and that's another area where our guide stands out. Our test designers have provided scores of test questions that will prepare you for what to expect on the actual Home Inspector Exam. Each answer is explained in depth, in order to make the principles and reasoning behind it crystal clear. We've helped thousands of people pass standardized tests and achieve their education and career goals. We've done this by setting high standards for our test preparation guides, and our Home Inspector Exam Secrets Study Guide is no exception. It's an excellent investment in your future. Â

Customer Reviews

Listen, if you don't like to spend too much time studying and you want to do well on this exam, this is the book you need to get. It covers everything you need to know in a well-written, concise manner. It's written by experts who really know their way around the test and will help you get the most out of it in the least amount of time. The book is in-depth without being too scholarly. It's got all the information, terminology and specifications that you would expect and organized in an easy to read way. It helped me to get prepared and familiar with the test. I also used the practice test questions they were helpful. There's also more information on test taking strategies that you can put in place to help you. I am a satisfied customer. It's a helpful tool!

The Home Inspector Exam Secrets Study Guide does a really good job of easing your mind for the test and giving you straightforward information contained on the test. Straightforward and to the point is the best way to go!

As a home inspector, you will have a number of different people relying on you. Home inspectors are used quite a bit when someone is selling a house. The person buying the house will hire you to check the house out to make sure it is okay, sound, and safe. If there is anything wrong with the house, however minor, it is up to you to point those things out. Those buying the house rely on you to show them what might be wrong with the house so they can back out of the sale or ask that those things be fixed in advance. When you are studying for your test to become a home inspector, there are a lot of elements you will need to review and remember. You will need to think about various building systems, code requirements in certain buildings and areas, inspection processes and much

more. In order to get all of that in before the test, it is a good idea to buy and use this study guide. You can really rely on this guide because it has all of the material in it that you need to know for this particular test. IT also has practice tests to help you figure out how well your study sessions are going. People are going to rely on you so you need to know your stuff not only for this test, but also for your future jobs.

Listen, if you don't like to spend too much time studying and you want to do well on this exam, this is the book you need to get. It's a helpful tool!

I already have my experience and licensure as a realtor and interior designer, however I wanted to add home inspector to my roaster and upgrade in my field. I cam across this study guide from a pal in the industry who told me it was an e-book, great to read and easy to absorb. Now, even though I have been involved in home inspection, amongst homes of all kinds for design and what have you, it was interesting that I came across this book. I am a visual person and who easily gets bored. I needed something quick and in a sense aesthetically pleasing to eye for my studying habits to kick in to gear. Thank god I have pals that used this study guide before, because it was so convenient. I bought, downloaded it and studied it. Simple as that, but the best part (seeing as though I am insanely analytical and need things properly distributed in order to work) this study guide was laid out beautifully. It broke down each section in pieces and came as extremely handy. As much as you think you may know, it is very smart to keep on studying and keep on grinding. I came across knowledge in this study guide that didn't click before. It also was a great asset for helping pass the exam. I also invested in the flashcard system, which was perfection too. Good luck future home inspectors or rather yet -let's not take each other's jobs haha. Just kidding!

So far, I've only had time to briefly overview the material, but I feel like it's more succinct than my assigned class text, which is almost a thousand pages long. After I finish the assigned text book

reading, I will use this book as a study guide. The material seems more easy to understand and process, and I like the fact that there are sample test questions, which the other text doesn't have. I also appreciate the test taking tips, which my class text also does not include.

I LIKE THE EASY TO FOLLOW TO-THE-POINT STUDY FORMAT; IT'S AN EASY READ THAT LEAVES ALL THE FILL AND FLUFF OUT OF THE INFORMATION. WITH THE CONSISTENT MOVEMENT OF INFORMATION IT MAKES IT EASY TO FOCUS ON, I CAN READ IT FOR HOURS WITH NO PROBLEM. I FOUND THIS PREP BOOK VERY HELPFUL AND WELL WORTH THE MONEY.

I was skeptical but after I got the book, I studied it for a full week and then passed the home inspectors exam for Illinois on the first try.
