Lost States: True Stories Of Texlahoma, Transylvania, And Other States That Never Made It

Synopsis

Everyone knows the fifty nifty United States—but what about the hundreds of other statehood proposals that never came to pass? *Lost States* is a tribute to such great unrealized dreams as West Florida, Texlahoma, Montezuma, Rough and Ready, and Yazoo. Some of these states came remarkably close to joining the Union. Others never had a chance. Many are still trying. Consider: Frontier legend Daniel Boone once proposed a state of Transylvania in the Appalachian wilderness (his plan was resurrected a few years later with the new name of Kentucky). Residents of bucolic South Jersey wanted to secede from their urban north Jersey neighbors and form the fifty-first state. The Gold Rush territory of Nataqua could have made a fine state—but since no women were willing to live there, the settlers gave up and joined California. Each story offers a fascinating glimpse at the nation we might have become—along with plenty of absurd characters, bureaucratic red tape, and political gamesmanship. Accompanying these tales are beautifully rendered maps detailing the proposed state boundaries, plus images of real-life artifacts and ephemera. Welcome to the world of *Lost States*!

Book Information

Hardcover: 160 pages

Publisher: Quirk Books; First Edition edition (February 1, 2010)

Language: English

ISBN-10: 1594744106

ISBN-13: 978-1594744105

Product Dimensions: 10.4 x 0.7 x 8.3 inches

Shipping Weight: 1.6 pounds

Average Customer Review: 3.9 out of 5 stars [See all reviews](#) (56 customer reviews)

Best Sellers Rank: #590,949 in Books (See Top 100 in Books) #285 in [Books > History > Historical Study & Educational Resources > Historical Geography](#) #427 in [Books > Humor & Entertainment > Trivia & Fun Facts](#) #1502 in [Books > Science & Math > Earth Sciences > Geography](#)

Customer Reviews

On the outside, the book looks very interesting. The set-up itself is nice with many full color pictures and maps. Each entry is two pages accompanied with text on one side and a map or other illustration on the other. However, the devil is in the details and they are numerous. For starters, too

many of the entries are completely pointless. Why? For a book called "Lost States," too many examples would never have been considered for statehood nor would ever seriously be considered for statehood. Some examples of this are Rio Rico (Texas), Saipan, Guyana, Boston, Chicago, Sicily, Navassa Island, etc. Most of these are complete jokes because of some complaint over taxes or some nameless politician says something that is never seriously considered. There are also many amateurish errors. At one point, President William McKinley is referred to as James McKinley. A picture allegedly of Confederate President Davis does not look like him at all (because it is not). The section on Rio Rico completely fails to mention how the Texan town was ceded to Mexico back in the seventies (rather the author implies it is still U.S. territory). He incorrectly says the Northern Mariana Islands were under U.S. control since 1898, when in reality they were not occupied by the U.S. until World War II. For whatever reason, the author also feels it necessary to criticize George W. Bush and the Iraq War on multiple occasions. The most notable of this is in the section on Iceland. What does Bush and the Iraq War have to do with Iceland's potential statehood? Absolutely nothing. So why mention it there at all? The book also fails in its omissions. In the section on Cuba, there is no mention of the Ostend Manifesto and the attempts to annex the island in the 1840s and 1850s.
