Customer Reviews

This book has ten official LSATs. That's it. No explanations. Just tests. These tests were administered from December 2003 to December 2006. In other words, PrepTest 42 was the December 2003 LSAT and PrepTest 51 was the December 2006. You get all the official tests administered in that timeframe, except for the February LSATs, which are rarely released anyway. (You can find a few in the SuperPrep series.) There are five other books in this particular series, giving us six books in total: PrepTests 7-18, PrepTests 19-28, PrepTests 29-38, PrepTests 42-51 * this one, PrepTests 52-61, PrepTests 62-71. Don't worry about the first two books. They're too old. But PrepTests 29-38 have some really hard games that are worth pursuing. And PrepTest 52-61 and PrepTests 62-71 have comparative reading, which started with the June 2007 LSAT. Unfortunately, LSAC doesn't appear to have planned out this series in advance. So the titles are confusing to say the least. If I worked at LSAC (yikes), I'd retitle them and re-release them. Alas, I don't work there. So here are their lovely, totally not-confusing titles: PrepTests 7-18 -- "10 Actual, Official LSAT PrepTests" PrepTests 19-28 -- "10 More, Actual Official LSAT PrepTests: (PrepTests 19 through 28) (Lsat Series)" PrepTests 29-38 -- "The Next 10 Actual, Official LSAT PrepTests (Lsat

Series)"PrepTests 42-51 -- "10 Actual, Official LSAT PrepTests 42-51"PrepTests 52-61 -- "10 New Actual, Official LSAT PrepTests with Comparative Reading: (PrepTests 52-61) (Lsat Series)"PrepTests 62-71 -- "10 Actual, Official LSAT PrepTests Volume V: PrepTests 62 through 71 (Lsat Series)"You, dear reader, might wonder why I included these titles in a review about this one book. Simple. It's fun to laugh the organization that claims to test your logical reasoning abilities. The "reasoning" behind the late release of this book (which came out after Volume V) is itself a tale of hilarious deductive failure. In any case, I hope you enjoyed them. The astute observer will note that the sixth book above is titled "Volume V." This odd numbering might be because LSAC is planning, from what I understand, to eventually discontinue PrepTests 7-18. But I suspect this move was more accidental than purposeful. And for now, while all six books are still alive and well, just enjoy the fact that the sixth book in this series is called "Volume V." How delightful.

I was VERY happy to learn LSAC finally released these in a book of 10. For several years, LSAC only sold PrepTests 39-51 individually for \$8 each, then let them go out-of-print (because who wants to pay that much!?!). Now you can get most of those for 2-3 bucks an exam, just like the vast majority of the other tests out there. Unfortunately, like most PrepTests, these don't come with explanations (only SuperPrep and SuperPrep 2 do). As newer exams are released, these are starting to be on the older side, so if you only have a few months left to study, get these OTHER books of 10 exams instead: PrepTests 62-71 PrepTests 52-61 If you have LOTS of time to study, also consider getting these: PrepTests 29-38 PrepTests 19-28 Also, shameless plug, but I have explanations for most LSAT PrepTests (including these), available on my site, LSAT Blog. Just click the "Books" tab and you'll find them.
