Customer Reviews

This book is awful. I can't believe allowed one reviewer to consistently rate it 5 stars over several months and blatantly promote it as such.

Did the same person write all the other reviews perhaps? This book is a huge waste of money. It is so terribly simplistic I cannot even say it is funny at any time. The author must really be a poor writer and certainly is not very creative. What a waste of my time. Too bad.

Do yourself a favor. Read all of the non-5 star reviews here. Those are the genuine ones. All of the 5 star are from the same "A Customer" and obviously the same "customer" (author?). Save your money and get a better book with golf humor.

Not all golfers can laugh at their own antics but they all have them. This book is filled with rip-roaring belly laughs! I am sure that you will find several that you can relate to -- either of your best golfing buddy (or yourself). A great gift for those avid golfers to remember there is life off the greens.

This book is a lot of laughs. The author obviously has made or witnessed a lot of questionable golf shots, and heard the words of wisdom that usually follow them.

This was purchased as a gift for my Brother. He is an avid Golfer and really appreciated the humor. It was represented accurately.

Bought for a Christmas gift. Very happy with my purchase. Arrived on time with no problems at all. Would order again.

Smaller than I expected. Not impressive but it does have the advertised info. A little disappointing for a gift.
