Investigating The Social World: The Process And Practice Of Research

Synopsis

In this exciting new Eighth Edition of his leading social research text, author Russell K. Schutt, an award-winning researcher and teacher, continues to make the field come alive through research stories that illustrate the methods presented in each chapter. Through numerous examples and hands-on exercises that help students learn by doing, *Investigating the Social World* helps readers understand research methods as an integrated whole. Readers will learn to appreciate the value of both qualitative and quantitative methodologies and understand the need to make ethical research decisions while also learning about research on contemporary social issues like the Internet and social relations, the police response to domestic violence, the sources of democracy, the determinants of voting, the impact of disasters, and the causes of violence. Contributor to the SAGE Teaching Innovations & Professional Development Award

Customer Reviews

Was a requirement for class, so had to buy. Was useful somewhat. Teacher went over all the key points from the book in class anyway. So I could have saved money and not rent the book. But he gave an 15 extra points to our final class grade to everyone who did have the book because to him it made it seem like we actually was doing the reading. (which we wasn't). That 15 point helped me get an A+ in the class. So, I am very happy with my rental.

Easy to understand. Great content and flow. Jam packed with information. Never thought I would like research but this text makes it easy to appreciate it.

Arrived as promised.

Very nice read and lots of good research definitions. Not difficult to understand which is always great! I am using this for an online class and it works nicely for the course.

Very good sociological text and rental rates are awesome good at student. TY

Buying my college text books on saves me money!! Best way to do it.

Barley read it

ok
