ISBN-13: 978-0937458075

Product Dimensions: 0.2 x 6.2 x 8 inches

Shipping Weight: 4 ounces (View shipping rates and policies)

Average Customer Review: 4.5 out of 5 stars [See all reviews](#) (19 customer reviews)

Best Sellers Rank: #114,997 in Books (See Top 100 in Books) #94 in [Books > History >](#)

[Historical Study & Educational Resources > Reference](#) #26966 in [Books > Children's Books](#)

#34463 in [Books > Reference](#)

## Customer Reviews

I bought this to help complete a set but I also highly recommend this for beginners. As nickels are made of, well, nickel, you don't have to worry about hunting for super-rare issues in this particular booklet.

This folder looks great! It's a little tough to get the coins in the holes, you have to give quite a bit of effort. Not the most sturdy, but as long as you aren't too rough with it it should hold up fine. Gets the job done

I can't say enough about the H. E. Harris coin books. Our family has had so much fun collecting and filling them up. They have provided a great activity that allows us to teach our kids how to count and search for different markings on the coins. Once we fill them up I will buy more so we can start all over again.

I love H.E. Harris Books because the holes are perfect for you coins! There not to small and not to big. I have gotten all of the H.E. Harris books for all coins, and they're great! I will recommend to my friends and family! No flaws or anything bad about this product. Made very well!

I love these folders so much! They are easy to slip coins into and hold up well! Would definitely recommend to others!

coins fit well; slots for both P and D coins.

Nice but I would love a bit better quality.

All Harris coin folders are a great buy. They are very well made and hold the coins securely. I use Harris folders for my entire US coin collection and highly recommend them.
