The Arthurian Book Of Days: The Greatest Legend In The World Retold Throughout The Year

Synopsis

The authors have drawn on the full range of Arthurian manuscripts from all over Europe as well as traditional British tales, presenting the stories in a language that preserves the spirit of the original while appealing to a contemporary audience. Two features allow the reader to follow the stories in strict chronology, should this be desired: there are cross-references at the end of many entries; and there is a chronological listing of all the events in the complete cycle. Beautifully illustrated.

Book Information

Hardcover: 192 pages

Publisher: Macmillan Pub Co (September 1990)

Customer Reviews

A beautifully and classically illustrated book that interlaces the fragments of the Arthurian saga. Entertaining to both the avid Arthur reader and the literary newcomer, the story is simply but elegantly put, and it positively emanates romanticism. It is perfect for perusing over and over again, not only because of the textual material itself but also the vivid pictures that accompany it on every other page. Friends stopping by for a visit have picked it up and paused our conversation to flip through it. A very worthwhile buy.

Great book at a very good price. I bought it thinking I could use the illustrations in my art journaling bit it is too good to cut up.
