African Temples Of The Anunnaki: The Lost Technologies Of The Gold Mines Of Enki

Synopsis

Archaeological proof of the advanced civilization on the southern tip of Africa that preceded Sumer and Egypt by 200,000 years

- Includes more than 250 original full-color photographs of South Africa's circular stone ruins, ancient roads, prehistoric mines, large pyramids, and the first Sphinx
- Reveals how these 200,000-year-old sites perfectly match Sumerian descriptions of the gold mining operations of the Anunnaki and the city of Enki
- Shows how the extensive stone circle complexes are the remains of Tesla-like technology used to generate energy and carve tunnels straight into the Earth

With more than 250 original full-color photographs, Michael Tellinger documents thousands of circular stone ruins, monoliths, ancient roads, agricultural terraces, and prehistoric mines in South Africa. He reveals how these 200,000-year-old sites perfectly match Sumerian descriptions of Abzu, the land of the First People--including the vast gold-mining operations of the Anunnaki from the 12th planet, Nibiru, and the city of Anunnaki leader Enki. With aerial photographs, Tellinger shows how the extensive stone circle and road complexes are laid out according to the principles of sacred geometry and represent the remains of Tesla-like technology used to generate energy and carve immensely long tunnels straight into the Earth in search of gold--tunnels that still exist and whose origins had been a mystery until now. He reveals, with photographic evidence, that the human civilization spawned by the Anunnaki was the first to create many totems of ancient Egypt, such as the Horus bird, the Sphinx, the Ankh, and large pyramids, as well as construct an accurate stone calendar, at the heart of their civilization, aligned with the Orion constellation. He explores how their petroglyphs, carved into the hardest rock, are nearly identical to the hieroglyphs of Sumerian seals.

• Mapping thousands of square miles of continuous settlements and three urban centers--each one larger than modern-day Los Angeles--Tellinger provides the physical proof of Zecharia Sitchin's theories on the Anunnaki origins of humanity.

Awareness Centers Nyack, New York ~ The Catskills, New York ~ Lagunas, Costa Rica[...] ~ info@AwarenessCenters.com I just finished African Temples of the Anunnaki: The Lost Technologies of the Gold Mines of Enki, by Michael Tellinger. Amazing! Fabulous! Very CREDIBLE! I have read all 14 books by Zecharia Sitchin, as well as having him as a presenter at the New Age Center years ago. Many other books concerning his research have been written but I find THIS ONE to be exceedingly important BECAUSE EVIDENCE is finally presented with which it is hard to argue.--Have they found gold mines in South Africa over 200,000 years old?--Have they found the lost city of Enki in Great Zimbabwe?--Have they found over 10.86 MILLION stone circles spread over thousands of hectares?--Why the importance of gold? Try reading Exodus 32:20 where the golden calf was NOT transformed into molten liquid gold, but into white powder. Then Moses took it, dissolved it in water, and made the Israelites drink the water!!!!!!!!!! (Is this manna?)--Did they find over 190,000 square kilometers of agricultural terraces? How could a small population of hunters-gatherers do this?--What were those stone circles used for? Any guesses?--What praytell is Adam's Calendar?--What is the connection to Sirius A? Or, is there one?--If the Ark weighed 3-4 TONS, how did 4 (JUST 4) men carry it along in the travels of the Hebrews?--Have they found THOUSANDS of stone axes, cleavers, picks, hammers, wedges, chisels?--How about MS2855 Sumerian Tablet where 144 Kings are listed pre-and post-flood over 222,600 years? Is THIS POSSIBLE??
