Introduction To Native North America

Synopsis

An Introduction to Native North America provides a basic introduction to the native peoples of North America, including both the United States and Canada. It covers the history of research, basic prehistory, the European invasion and the impact of Europeans on Native cultures. Additionally, much of the book is written from the perspective of the ethnographic present, and the various cultures are described as they were at the specific times noted in the text. Teaching and Learning Experiences: Improve Critical Thinking - An Introduction to Native North America provides internet resources for students to supplement reading material, and contains an extensive bibliography to aid in their research. Engage Students - An Introduction to Native North America highlights important individuals in "VIP Profile" mini-biographies, and contains "Sidelights" throughout the text which provides short explanations of interesting aspects of native culture. Support Instructors - Teaching your course just got easier! You can create a Customized Text or use our Instructor's Manual, Electronic "MyTest" Test Bank or PowerPoint Presentation Slides. Plus, An Introduction to Native North America's organization was designed to be used in conjunction with the Handbook of North American Indians, published by the Smithsonian Institution.

Customer Reviews

A very dry listing of the various aspects of Indians in different areas of North America. It could almost be a large chart comparing the similarities of the Indian practices, etc. So far (four chapters) it turns out that the Indian's anthropology practices are more alike than different.

This textbook is a good book. I have read it from cover to cover and I was surprised to learn a few things. Sutton was very thorough in his explanations of the Native American cultures.

This book is well organized and gives an overview of various Native American cultures, region by region.

It will serve its purpose. No missing pages and nothing too damaged. Thank you.

Worked for my Winter session class. Good Info!!

As described, and arrived on time.

This book was in good enough of condition to get me through the semester. Not much written in it and no pages ripped out. It was okay!

I learn a few thing from this book, however, overall, I am glad it was a rental and not to own.
